PROFESSIONAL SUMMARY

Analytical and detail-oriented B.Sc. Computer Science student with strong proficiency in Python, SQL, and data analysis frameworks. Passionate about extracting meaningful insights from complex datasets using exploratory data analysis (EDA), data cleaning, and statistical techniques. Eager to apply problem-solving skills and technical expertise to support data-driven decision-making and optimize business strategies in a professional environment.

TECHNICAL SKILLS

Programming	Python, SQL, JavaScript, HTML, CSS
Data Analysis	Pandas, NumPy, Data Cleaning, Exploratory Data Analysis (EDA)
Database & Tools	MySQL, VS Code, GitHub, Excel, Power BI
Core Concepts	Statistical Analysis, Data Modeling, Machine Learning, Reporting

PROJECTS

Shark Tank India Data Analysis

- Performed rigorous data cleaning and exploratory data analysis (EDA) using Python, Pandas, and NumPy.
- Created detailed visualizations leveraging Matplotlib to uncover startup funding trends, valuation metrics, and prominent investment patterns.

OSSA Tax Planner – AI Tax Assistant

- Built a privacy-focused AI assistant application designed to simplify tax planning and provide structural financial guidance.
- Implemented secure data handling protocols to ensure personalized recommendations protected user information.

E-Commerce Sales Dashboard

- Analyzed large transactional datasets to evaluate sales performance, profit margins, and regional distributions.
- Aggregated metrics to assist in identifying high-value customer behaviors and growth opportunities.

EDUCATION

Bachelor of Science in Computer Science

2023 – 2026

Sheth L.U.J. College of Arts and Sir M.V. College, Mumbai University

Higher Secondary Certificate (HSC)

2021 – 2023

Ramniranjan Jhunjunwala College

CERTIFICATIONS

- **TensorFlow** – Scaler (2025)
- **Python for Beginners** – Great Learning (2024)
- **MySQL Fundamentals** – Great Learning (2024)
- **DBMS Fundamentals & Advanced Concepts** – Scaler (2024)

SOFT SKILLS & LANGUAGES

Analytical Thinking
